

FWB LAST-MILE LOW-SPEED ELECTRIC-VEHICLE PRICING MODEL AND CONFIGURATION					
No.	Image	Product Name	FWB Pricing Model	Configuration	Size
1		Zapin LS EV minicar	\$2,286.84	3000W Depuda AC motor; Inbol controller; brake booster; built-in charger; 145-70-12 vacuum explosion-proof tires; solid axle suspension; front and rear compound shock absorbers; docked axle solid rear axle; central locking; four-door power windows; four-wheel disc brakes; seat belts; car dashboard; leather seats; multi-function steering wheel; Bluetooth phone; (Optional: 155 tires add 60 yuan to the whole vehicle, voice interconnection adds 400 yuan, direct-reading 200W motor reduces 730 yuan/unit; low-end model does not include built-in charger and brake booster)	3056*1506*1527
2		Lynbo LS EV minicar	\$1,891.54	60V 1500 DC permanent magnet synchronous silent motor, 4.50-10 tubeless tires, 1905*1258 hydraulic disc brakes; 10-inch steel rims; equipped with tow wheel guards, four-wheel disc brakes; DC permanent magnet 24-tube silent controller 65A, one-piece stamping, five doors and four seats, semi-rear independent front and rear composite shock absorbers, single-direction engine, 9.11 steering wheel with gear shift; deluxe three-combination panel switch; new deluxe window lift switch, four-door electric window lift, four-door central locking, 9-inch multimedia screen, reversing camera.	2900*1455*1610
3		Yambo 4-door model	\$1,235.46	1200W permanent magnet synchronous silent motor, 45A controller, 400-10 tubeless tires (aluminum wheels), one-to-two disc brakes, keyless start, anti-theft device, reversing camera, pearl powder clear coat (central locking for all four doors +100; power windows +80).	2800*1420*1630
4		Mibo 2-door model (four-wheel)	\$1,138.70	1000W permanent magnet synchronous silent motor, 40A controller, 350-10 tubeless tires (aluminum wheels), one-to-two disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2350*1200*1650

5		G3 (Stronger steel)	\$1,454.94	1000W permanent magnet synchronous silent motor, 40A controller, 350-10 tubeless tires (aluminum wheels), one-to-three disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2200*1220*1620
6		G3 (common steel)	\$1,163.48	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 tubeless tires (aluminum wheels), one-to-three disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2200*1220*1620
7		G7 (common steel)	\$1,260.24	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 tubeless tires (aluminum wheels), one-to-three disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2560*1260*1620
8		G7(Stronger steel)	\$1,649.64	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 tubeless tires (aluminum wheels), one-to-three disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2560*1260*1620
9		Migo 2-door model	\$1,602.44	Fully stamped body, permanent magnet synchronous 1200W silent motor, 45A controller, 450-10 tubeless tires (aluminum wheels), one-to-three disc brakes, electric central locking, electric windows and doors, push-button start key, anti-theft device, reversing camera, pearl powder bright oil added (front handbrake +60).	2220*1220*1600
10		Millo 2-door model	\$1,185.90	1000W permanent magnet synchronous silent motor, 40A controller, 350-10 tubeless tires (aluminum wheels), one-to-three disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright paint (power windows +80; central locking for two doors +80)	2210*1150*1650
11		Mango 2-doormodel	\$1,091.50	1000W permanent magnet synchronous silent motor, 40A controller, 350-10 tubeless tires (aluminum wheels), one-to-three disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2210*1160*1600

12		Mango 4-door model	\$1,187.08	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 tubeless tires (aluminum wheels), one-to-three disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2610*1225*1600
13		B90 4-door model	\$1,187.08	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 tubeless tires (aluminum wheels), one-to-three disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2600*1350*1650

Notes: Four-wheel disc brakes +100; Split seats +100; Gear shifters +40; Front handbrake/four-disc brakes +100

FWB (SPECIAL-OFFER) LAST-MILE LOW-SPEED ELECTRIC-VEHICLE PRICING MODEL AND CONFIGURATION					
No.	Image	Name		Configuration	Remark
1		Mayer LS EV minicar	\$2,723.44	Five-door, four-seat configuration with a 3500W Depuda AC motor, Inbol controller, 175/70R13 aluminum wheels, tubeless tires, four-wheel disc brakes, automotive-grade front shock absorbers, split rear shock absorbers, integrated underbody protection, intelligent sensor-activated rear doors, integrated storage box in the front engine compartment, keyless start, USB port, central locking, power windows, and voice connectivity. Optional configuration: 4.5KW for an additional 550 RMB/unit.	3450*1680*1600,The price does not include the battery and charger.
2		Norio LS EV minicar	\$2,554.70	3000W Depuda AC motor; 3623 Inbol controller; 60V15A on-board charger; vacuum booster pump; four-wheel disc brakes; semi-monocoque chassis; independent front and rear suspension; composite shock absorbers; one-piece stamped five-door, four-seat, one-way steering gear; LED projector headlights (high and low beams); LED daytime running lights; 145/70R12 steel wheels; four-door power windows; NFC keyless entry (card-based unlocking); push-button start; NFC unlocking and locking; 10.1-inch multimedia screen; reversing camera; reversing radar; multi-function steering wheel with new luxury lift switch.	3056*1506*1527,The price does not include the battery and charger.

3		Micho 2-door model	\$1,260.24	1200W permanent magnet synchronous silent motor, 45A controller, 400-10 tubeless tires (aluminum wheels), one-to-two disc brakes, keyless start, anti-theft device, reversing camera, pearl powder clear coat (central locking for all four doors +100; power windows +80).	2900*1420*1640,The price does not include the battery and charger.
4		Micho 4-door model	\$1,187.08	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 tubeless tires (aluminum wheels), one-to-two disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil (central locking for both doors +80; power windows +80)	2600*1420*1640,The price does not include the battery and charger.
5		K2 four -door model	\$1,115.10	1200W permanent magnet synchronous silent motor, 45A controller, 400-10 tubeless tires (aluminum wheels), one-to-two disc brakes, keyless start, anti-theft device, reversing camera, pearl powder clear coat (solar panel +450).	2850*1420*1650,The price does not include the battery and charger.
6		K2 two-door model	\$1,041.94	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 tubeless tires (aluminum wheels), one-to-two disc brakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2480*1340*1600,The price does not include the battery and charger.
7		Suito 4-door model	\$944.00	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 tubeless tires (aluminum wheels), one-to-two disc brakes, keyless start, anti-theft device, reversing camera.	2460*1400*1620,The price does not include the battery and charger.
8		C9 No-door model	\$944.00	850W permanent magnet synchronous silent motor, 40A controller, 350-10 tubeless tires (iron wheels), rear drum brake, pearl powder bright oil added (front handbrake +70; aluminum wheels +60).	1970*1000*1660,The price does not include the battery and charger.

9		M9 two-door model	\$1,213.04	1000W permanent magnet synchronous silent motor, 40A controller, 350-10 tubeless tires (aluminum wheels), one-to-one front handbrake, one-to-two rear handbrakes, keyless start, anti-theft device, reversing camera, pearl powder bright oil added.	2180*1100*1730,The price does not include the battery and charger.
10		T3 three-door	\$968.78	850W permanent magnet synchronous silent motor, 40A controller, 350-10 tubeless tires (iron wheels), rear drum brake, swing arm shock absorber (add 350 yuan for larger configuration)	2160*1230*1700,The price does not include the battery and charger.
11		T5 five doors	\$1,040.76	1000W permanent magnet synchronous silent motor, 40A controller, 400-10 vacuum tires (iron wheels), rear drum brake, swing arm shock absorber (add 350 yuan for larger configuration)	2460*1320*1720,The price does not include the battery and charger.
