1	2026 New 2-in-164Small laser-PAR lamp model		1.Power input5V 1A 2.power:6W 3.Light source powerRed laser 100MWGreen laser 30MW LED 6W 4.Wavelength: Green light 532nmRed light 650nm 5.model :Voice-controlled, self-propelled, remote-controlled 6.Number of patterns: Red laser 36pictureGreen laser36picture +Rainbow Dyeing Background Effect 7.Cooling system: Fan 8.Product Material: Aluminum Alloy 9.Projection distance:10rice 10.Scanning System;Precision motor	\$13.33	110*100*100mm	0.32kg	405*345*420mm	17.36KG	48tower/Item
2	2026 New 2-in-196Small laser-Magic Ball Edition		1.Input powerUSB 5V/2A 2.Total power:8W 3.Light source powerRed laser 100MWGreen laser 30MW.magic ballledLight source power:3w 4.Wavelength: Green light 532nmRed light 650nm 5.model :Voice-controlled, self-propelled, remote-controlled 6.Number of patterns: Red laser 48pictureGreen laser48picture 7.LEDMagic ball atmosphere light: ledRed, green, and blueThree-color magic ball ambient light 8.Cooling system: Fan 9. Product Material: Metal 10.Projection distance:10Within meters 11.Remote control distance:6Within metersSelling points 1.have96The projection patterns offer a rich variety of effects. 2.Adorned with a background effect of rotating magic balls and a starry sky 3.use4grainFour-in-one PAR lamp light sourceHigh poweredThe lights, used as background coloring lights, are combined to form7Colored background with colored light. 4.4grainUVThe ultraviolet light can be turned on independently.UVUltraviolet lamps are used forIn a dark scene, used for lighting purposesUVObjects sensitive to ultraviolet light. 5.Adopting equipment7This is a remote-controlled model powered by dry cell batteries; the remote control is not included.7No. 1 dry cell battery, not charged itself, no shipping included.There is no requirement for live electrical certification and no associated risks.	\$14.16	110*100*100mm	0.32kg	405*345*420mm	17.36KG	48tower/Item
3	2026 New 7-in-1 Laser + Magic Ball + Nebula Water Ripple Light + UV Purple Light + RGB Par Light + Gold Strobe + White Light Strobe		1. Input Power: USB 5V/2A 2. Total Power: 26W 3. Light Source Power: Red Laser 100MW, Green Laser 30MW, LED 8W, Gold Strobe + White Strobe 10W 4. Wavelength: Green 532nm, Red 650nm 5. Modes: Voice Control, Auto-Mount, Remote Control 6. LED UV Lamp: UV, purple, and black light for party effects 7. Number of Patterns: Red Laser 48 patterns, Green Laser 48 patterns 8. LED Magic Ball Ambient Light: LED red, green, and blue three-color magic ball dotted ambient light + LED red, green, and blue three-color water ripple dotted ambient light 9. Lighting Effect: Gold Strobe + White Strobe 9. Cooling System: Fan 10. Product Material: Metal 11. Projection Distance: Within 10 meters 12. Remote Control Distance: Within 6 meters Selling Point 1. Offers 96 different projection patterns with rich and varied effects. 2. A rotating magic ball starry sky background effect is used for embellishment. 3. Four 4-in-1 PAR lamps and high-power LEDs are used as background color-changing lights, combined to create a 7-color background color-changing light. 4. Four UV lamps can be turned on independently for use in dark scenes to illuminate objects sensitive to UV light. 5. This model uses a remote control that requires AAA batteries. The remote control does not include AAA batteries, is not powered itself, and therefore has no shipping or power certification requirements or related risks.	\$27.14	151*141*105MM	0.76kg	440*316*445MM	18.4KG	24pcs / Carton
4	2026 New 7-in-1 Laser + Magic Ball + Nebula Water Ripple Light + UV Purple Light + RGB Par Light + Gold Strobe + White Light Strobe		1. Input Power: USB 5V/2A 2. Total Power: 26W 3. Light Source Power: Red Laser 100MW, Green Laser 30MW, LED 8W, Gold Strobe + White Strobe 10W 4. Wavelength: Green 532nm, Red 650nm 5. Modes: Voice Control, Auto-Mount, Remote Control 6. LED UV Lamp: UV, purple, and black light for party effects 7. Number of Patterns: Red Laser 48 patterns, Green Laser 48 patterns 8. LED Magic Ball Ambient Light: LED red, green, and blue three-color magic ball dotted ambient light + LED red, green, and blue three-color water ripple dotted ambient light 9. Lighting Effect: Gold Strobe + White Strobe 9. Cooling System: Fan 10. Product Material: Metal 11. Projection Distance: Within 10 meters 12. Remote Control Distance: Within 6 meters Selling Point 1. Offers 96 different projection patterns with rich and varied effects. 2. A rotating magic ball starry sky background effect is used for embellishment. 3. Four 4-in-1 PAR lamps and high-power LEDs are used as background color-changing lights, combined to create a 7-color background color-changing light. 4. Four UV lamps can be turned on independently for use in dark scenes to illuminate objects sensitive to UV light. 5. This model uses a remote control that requires AAA batteries. The remote control does not include AAA batteries, is not powered itself, and therefore has no shipping or power certification requirements or related risks.	\$27.14	152*140*122 MM	0.76kg	588*475*275MM	18.4KG	24pcs / Carton
