Successful case

Thai Airport Visa service landing sign

In 2017, the Thai airport opened an electronic landing sign. In order to facilitate the travel of tourists to Thailand, we started to use the Hongzhou landing form self-service printer. Visitors only need to take a WeChat sweep and fill out the form information online. After the machine is finished, the machine can choose to print. It is convenient for tourists to quickly apply for landing signing, and also reduces staffing.

Community Intelligence Library

In 2016, Xi'an Community Library has started to use the Hongzhou self-service library and loan machine, 24 hours self-service, to achieve face recognition, self-service lending, digital book download, so that readers can enjoy high-tech reading at home. Convenient and fast.
